About the ERNFHM - 2025

The Educational revitalization : NEP 2020 and fusion of Humanities and Management aims to improve higher education in India by promoting research and innovation increasing access to education and integrating vocational education. Importance of emerging trends in higher education. The National Education Policy (NEP) 2020 emphasizes a multi disciplinary approach to education encouraging the integration of various fields, including humanities and management. This fusion aims to provide students with a holistic understanding, combining critical thinking and analytical skills from humanities with practical and organizational skills from management. NEP 2020 aims to reduce the separation between academic streams and promote a more holistic approach to learning. It strives to provide students with practical skills and knowledge that are relevant to the job market. It also aims to provide more flexibility in the curriculum and credit

transfer. It strives to promote internationalization in higher education as well.

In Educational revitalization, NEP 2020 provides valuable insights and recommendations on the various aspects of education that include moving towards multi-disciplinary and holistic education institutional autonomy, promotion of quality research etc. In brief, Educational revitalization in NEP 2020 benefit students, scholars, delegates, teachers, and professors by fostering cultural competence, promoting critical thinking, enhancing career opportunities, and contributing to a more interconnected and inclusive global community. To keep all the above things in mind, we have decided to organize the conference on the above-mentioned topics. So that the researchers, delegates, and professors around the globe will come up with their innovative ideas and make fruitful discussions on the platform of this conference.
